

Georgia State PantherMart Submitting an Order Guide

CART OVERVIEW

Items that you wish to order are initially put into a Cart. The Cart is where you define your products and quantities, ship-to address, and accounting fields. Once your Cart is submitted into workflow, it becomes a Requisition. Click the icon on the top right of the screen to access your cart. Click View My Cart.

EDIT CART

The first screen you see when clicking into your cart is the View My Cart:

On this screen you can update your Cart Name. To update the quantity of a particular item, change the value in the **Quantity** field and click **Update**. You cannot complete this step with punch-out carts.

REVIEW CART

Click to edit the ship to address and if you are a Requestor, the SpeedChart and Workflow, and any other changes needed prior to submitting your cart for approvals. NOTE: It's important to be certain that the correct Category Code has been selected. For all Payment Requests, the Category code will be 200000, otherwise select the category code on the Summary Tab at the line level that most closely reflects the description of goods and/or services being purchased.

SHIP TO ADDRESS

The Ship to address is a required field on all carts. To update or change the Ship to address:

1. Click the edit button to the right of "Ship To"
2. If you don't have an address stored in your profile, enter some part of the address in the "Search Additional" box to search for the appropriate address.
3. If you have an address stored in your profile, mark the radio button to choose the ship-to address to use..

4. Verify the information that appears is correct, and if not, make any necessary changes, and then click .

5. NOTE: If you are not a requestor skip the Accounting Codes and Workflow Approvals sections. You will need to click and assign the cart to a Requestor in your Department or College.

ACCOUNTING CODES

You can assign accounting codes to the entire cart or individually to each line item. Just enter the SpeedChart value, which will automatically populate the fund, department, program, and class values. To update the speed chart value to apply to the entire cart:

1. Scroll down below the Shipping address section to the Speed Chart:

2. Click the button next to Speed Chart.
3. Enter the Speed Chart in the Search box. Choose the appropriate value from

the drop down list and click .

4. You can also access your favorites on the right.
5. The values for fund, department, program, and class will auto-populate based

on the speed chart selection. Click .

If you wish to update the speed chart for each line individually:

1. Click the button next to each line item.
2. Follow the instructions above to update the speed chart for each line item.

WORKFLOW APPROVALS

You will need to select the workflow routing that best fits your Requisition. If any of the SpeedCharts used are project then you will need to select Project Routing Type. The Routing ID is generally your Department number for Department Workflow or your Department number + an extra zero for Project Workflow. You should request instructions from your Departmental Business Manager on the proper workflow for your department.

1. Click the next to the Workflow Routing box
